

Sweden ICT invites you to:

INTERNATIONAL TALENT MATCHMAKING

Sweden Innovation Days Nov 18th

Innovative companies, lots of talents and six Swedish Science Parks with focus on information & communication technology, come together for this autumn's greatest challenge: to find the right match!

Are you curious about a career in Sweden? Be part of Sweden Innovation Days "International Talent Matchmaking" and take the chance to meet exciting companies in Sweden. Sweden Innovation Days will focus on one of the greatest technology shifts of all times; AI.

HOW TO APPLY?

Register your profile.

MATCH BY AI TOOL

Sweden Innovation Days is all about AI, so we decided to let an AI tool match your profile to the companies' needs.

PERFECT MATCH?

If you are one of the six talents that score the highest match with the companies' needs, you will be invited to a 20-minute digital interview with representatives from the company.

WHEN?

The digital interviews will be arranged on November 18th.

NETWORK

At this event, you have the chance to meet startups, scaleups and international R&D companies located in six of Sweden's biggest ICT Science Parks.

THE JOB OF YOUR DREAMS - IN SWEDEN!

If you find the job of your dreams, we can help you find the right support to relocate to Sweden.
