

Sweden ICT invites you to:

MATCHMAKING WITH INTERNATIONAL STUDENTS Looking for talent? Join us on April 13th!

Lots of talents and innovative companies with a focus on information & communication technology, come together for this spring's greatest challenge: to find the right match!

Looking for talent? Join this matchmaking event and get your recruitment needs matched with international master students who want to start their career in Sweden. By recruiting international talent your workforce got more diverse and more competitive!

HOW TO APPLY?

Register a company profile in our tool along with job ads, and future competence needs that you have identified. The more information, the better!

MATCH BY AI TOOL

An AI tool will match your needs to the talent cv database.

TALENTS WITH HIGHEST SCORE

The six talents that get the highest score in the matchmaking, based on your needs and their competence, will be invited to a 20-minute digital interview with a representative from your company.

WHEN?

The digital interviews will be arranged on April 13th 2021.

PRICE

2000 SEK for companies with 20 employees or more. Smaller companies participates free of charge.
